Yeah, I know.

Don't let her get to you.

Kristen,

FYI - Jim did not promise this to her.

I would like to know how you call doing nothing, proactive? I would also like to know what happened to the promise from Jim Semerad that the Fed EPA while up here working with the Yellowstone Oil spill would be

able to test
air? I would also appreciate and answer to both of my questions,
and not be
ignored.
